## EXPERIENCE

### Algorithm Institute

03/2023 – Part-time

Facilitator

- Disseminating information: to present information to learners in a clear and organized manner. Lecturers can convey key concepts, theories, and practical skills to help learners understand a subject.
- Providing context: help learners understand the context in which a subject is relevant, such as its historical or cultural significance.
- Facilitating engagement: encourage learners to engage with a subject by presenting it in an engaging and dynamic manner.
- Fostering critical thinking: challenge learners to think critically and develop their own ideas about a subject.
